Dear Steve and Luke - One START is deploying today from Salt Lake City and will be at the incident tomorrow. It's probably a team sub.

From the e-mail below, it appears Dave Robinson just mobilized to Durango. I chewed out Weston for not filling this resource request sooner because Hays made this request a few days ago. I apologize that I did not know that START dropped the ball.

It appears that Elliot Petri will be on-site Monday.

It looks like you will have two STARTS ready to work at the mine site tomorrow morning. Is that sufficient or do you want more?

Thanks!

Joyce

Elliott will be on site Monday morning.

Dave Robinson is on his way to Durango now. He plans to cut someone loose from the sampling teams to address immediate needs at the mine.

Just for my clarification, will 2 full time STARTs at the mine site suffice if neither are involved in the river sampling?

Hi Scott - is Elliot Petri available to be one of the mine persons? Thanks!
